## The Album

ALCHEMY THROUGH DREAMS "LE" is a unique blend of Electronica, Trip Hop, Tribal rhythms and Gothic elements. The domestic release of this album has been on both radio and bestseller charts for Six consecutive months. The new limited edition of the European mix features 2 previously unreleased tracks. The first track, "Dark Circus" is inspired by and recorded in homage of the diva of electronic music; Wendy Carlos. The second addition is an extended re-mix version of "Shadow Puppets".

Mortal Loom's sound was developed over 10 years; this process included traveling around the world, listening to the environment, and sampling unusual organic sounds. Creating custom instrumentation is the root of Mortal Loom's style, resulting in this dreamy upbeat music that deserves repeated listening. Your listeners are guaranteed to hear sounds and mixing never presented anywhere before. Special guests include Norman Mayell of the historic 60's San Francisco band, Sopwith Camel, Max Mayell and vocalist Judy July.

## The Band

Directly influencing the future through music is not only a goal but also a reality for Mortal Loom!
